Directions: From Rt. 50, take Davidsonville Rd. exit (Rt 424) south to the traffic light at Rt. 214/Central Ave. and turn right. Head west on Rt. 214 and bear left onto Queen Anne Bridge Rd., just past Davidsonville Elem. School. After 1 mile, turn left on Wayson Rd. Pass Elmer F. Hagner Lane and the driveway is the first one on the left, just at the end of the metal guardrails. It is a gravel driveway, so drive slowly.

From points south, take Rt. 2 north to light at Harwood Rd. and turn left. Follow Harwood Rd. down to Wayson Rd. and turn right on Wayson. Go over 2 hills, and turn right into driveway just before crossing bridge with metal guardrails.

If you come from the south or west and take Rt. 301 to Rt. 214, please note that you must cross the metal bridge at the P.G. Co/A.A. Co. line and the light at Patuxent River Rd., before you turn right on Queen Anne Bridge Rd.
