

PRESIDENT'S LETTER, CONTINUED

The gift should be in the \$15 range and be car related. Please no clothing and gifts must be new. As usual, there will be awards given out that evening along with the slide show presented by Bud Brengle from all of our events throughout the entire year. We always have a great time with a great turnout, but the only way you can go is to pre-pay. This year we voted against having the photography contest. But we have a lot of gifts to give away. I also have a great surprise for entertainment, but you won't get it out of me until after dinner on Dec 1st. So pay your money and join in the fun.

As our year comes to an end we will start thinking about and planning next year's activities. We are going to do more car related events as I see many of our members are very interested in racing and enjoying their cars. We will still do our brunches and dinners, but we also want the option to participate in car events. Please complete the survey in this newsletter ASAP.

Last meeting, we voted on the new board for 2008 and I would like to welcome Charlie Parsons to the board as our new Governor. Steve Johnson is moving to the BCC since he lives in Elkton. Steve has done a great job and we appreciate all of his hard work. Thanks Steve and welcome Charlie.

We still have some more fun things to do, so join us at the meeting to find out what else we have in store for you.

Get Ready, Get Set, Go Vette

Sherry
